GoldenPoint Scientific Laboratories is headquartered in Pelham, Alabama and proudly serves healthcare providers primarily across **Alabama and Tennessee**. Our mission is to deliver accurate, efficient, and dependable clinical laboratory services to government agencies, healthcare systems, physician practices, urgent care centers, and private sector partners.

As a BCBS in-network laboratory and a recognized leader in advanced diagnostics, GoldenPoint is committed to providing the highest level of service, responsiveness, and reliability. Our work is powered by next-generation robotic instrumentation, precision-driven testing methodologies, and dedicated molecular PCR facilities that ensure consistency, accuracy, and rapid turnaround times.

We offer a comprehensive suite of validated high-complexity laboratory tests designed to meet the diverse needs of medical practices, hospitals, and specialty providers primarily throughout Alabama and Tennessee. From PCR pathogen detection to blood chemistry and microbiology, our testing solutions support confident clinical decision-making for patients of all ages.

GoldenPoint also provides secure, technology-driven support for practices involved in addiction consultation and treatment. Our custom-developed software platforms ensure full visibility into every specimen's chain of custody while safeguarding sensitive patient data with real-time access and enhanced security protocols.

Behind every result is a team of highly trained scientists, technologists, and software professionals dedicated to maintaining the highest standards of accuracy and efficiency. Through this blend of expertise and innovation, GoldenPoint delivers the fast, reliable, and high-quality laboratory services that healthcare providers across Alabama and Tennessee depend on.

Advanced Technology and Precision-Driven Processes

GoldenPoint Scientific Labs uses a full suite of next-generation robotic instruments, automated sample-handling systems, and intelligent software designed to reduce human error and increase testing precision. Every stage of our workflow is built on high-efficiency automation to ensure speed, accuracy, and consistency across all high-complexity testing.

Expert Scientists and Highly Trained Laboratory Staff

Our team of experienced scientists, molecular specialists, and certified lab technicians follow a rigorous, process-driven methodology. Standardized protocols, continual training, and quality-control checkpoints help us maintain the highest level of reliability for every specimen we process.

Dedicated, Contamination-Controlled PCR Laboratory

All molecular testing is performed within a dedicated PCR-only laboratory environmentâ€"engineered to minimize contamination risk and support rapid, high-throughput pathogen detection. This controlled space ensures exceptional accuracy in every PCR result.

Custom-Built Software for End-to-End Process Oversight

GoldenPointâ€™s proprietary software platforms monitor each step of laboratory operations in real time. From specimen intake to final reporting, our system tracks location, status, and handling conditions to support compliance, accuracy, and full visibility into the testing process.

Unmatched Chain-of-Custody and Workflow Efficiency

Our secure digital infrastructure provides a complete chain-of-custody audit trail for every sample, ensuring traceability, accountability, and protection at all times. Automated workflows and intelligent routing optimize turnaround timesâ€"allowing healthcare providers to receive fast, reliable results without compromising quality.

Approved & Trusted Laboratory Partner

Recognized by providers across Alabama and Tennessee for dependable, high-quality clinical testing.

Reliable, Timely Results

Automated workflows and dedicated PCR facilities support rapid turnaround without compromising precision.

Next-Level Accuracy

Our process-driven methodology, robotic instrumentation, and contamination-controlled testing environment ensure consistent, validated results.

Integrated Software Solutions

GoldenPointMD connects seamlessly with provider workflows and EMRs, offering real-time tracking and immediate access to finalized reports.

Technology-Driven Healthcare Platform

Custom-built systems optimize efficiency, enhance specimen oversight, and maintain complete audit trails for every test.

Decades of Clinical & Patient Care Experience

Our leadership, scientists, and technologists bring together deep healthcare expertise with a commitment to excellence in diagnostic testing.
