GoldenPoint is a High Complexity PCR Pathogen Testing; Blood Chemistry Testing; Whole Blood testing Services and Clinical Lab offering Services to Government and Private Sector Clients. We are focused on providing the highest level service and responsiveness to patients on behalf of our clients and partners.

We utilize some of the most advanced testing methods and lab technology. Our robust suite of validated testing services are likely to serve the needs of most Medical Practices, Hospitals and Reference Labs

We collect and deliver our Lab Results through our powerful software suite GoldenPointMD. Our platform offers streamlined collection, processing and resulting.

the GoldenPoint Difference...

When you work with us, we will offer various options to integrate your specimen orders with our Lab partners. We use bidirectional interfaces to push orders with your requisition and patient documents. Inversely, results from the Lab are made available to our EMR for Doctors to access real-time, just in time for the patient's next consultation appointment.

- Wide range of next-generation robotic Instruments, equipment and software.
- Highly trained scientists and lab technicians follow a process driven, regimented test methodology.
- Dedicated molecular PCR only lab space.
- Carefully monitored processes by our own custom developed software.
- Our software platforms provide the highest level in process efficiency and chain of custody audit trail for test specimens.
