Wellness Panel Female (FEMP)

The Wellness Panel for females (FEMP) is a group of blood tests that assess an individual's overall health and wellbeing. The specific tests included in the panel may vary depending on the healthcare provider's preferences,

The Wellness Panel for females is typically ordered as part of a routine check-up or to screen for specific health conditions. The results of the panel can help guide appropriate treatment and management of any identified health issues, as well as promote overall health and wellbeing.
