When you work with GoldenPoint Solutions we will offer various options to integrate your specimen orders with many EHR and EMR partners. We use bidirectional interfaces to push orders with your requisition and patient documents. Inversely, results from the Lab are made available through our Goldenpoint Technology Suite. Practitioners can access real-time information for the patient's next consultation appointment.

Our experts are a "Patient Centric" technology focused team. We have a 24/7/365 technology team building and supporting next generation applications for our clients. We have a zero-downtime policy, with as frequent updates to our applications as needed. We are proud to have a team with a total of 60+ years of technology experience, building platforms, integrating with various systems and external gateways as well as supporting these applications.

We are proud to offer a full electronic document management system, that takes away the manual paper flow and paper clutter from your daily routine. Patient and tracking information is a click-away.

You never have to worry about storing your data locally or via other vendors. We do it all and also guarantee availability of your data on-demand!
